2015-2016 Equipment Training Series

PENTAIR ACADEMY TRAINING TOUR

WHERE KNOWLEDGE IS PROFIT

Gain Technical Expertise with Training from Pentair!

TAKE ONE OF PENTAIR'S LATEST TRAINING WORKSHOPS AND YOU'LL END UP WITH A WEALTH OF KNOW-HOW.

Learn about the latest developments in automation systems, pumps, heaters, lighting, filtration, water features and chlorine generation. Our experienced instructors, detailed course materials and training aids will give you the real-world techniques and understanding to specify, install, troubleshoot and service today's most advanced pool equipment... profitably. You'll certainly end up with a wealth of know-how.

Pentair products are equipped with the most recent and innovative technology and pool professionals must have an up-to-date knowledge in order to install and service them well. That's why Pentair organizes a series of workshops intended for swimming pool professionals in different locations in Europe. During these workshops, pool professionals have the opportunity to get to know our products.

TOPICS ARE DIFFERENT PER TRAINING DAY AND MAY INCLUDE:

- Automation: IntelliPool® and Pentair ControlPro™
- Pumps and filters
- Basic pool education:
 - Basic electrical theory
 - Basic hydraulics
- Cleaners
- Heat pumps: UltraTemp®-E and MasterTemp®
- New Pentair products

The Pentair Academy Training Tour is a free training course which includes a master class, lunch and workshop material.

Registration in advance is required, only a limited number of seats available.

RSVP TODAY! Class sizes are limited.
